

AA GRAPEVINE

The International Journal of Alcoholics Anonymous

January, 2023

Dear Friend:

We are developing a smartphone app for both Grapevine and La Viña magazines. We want to ensure that the apps will meet members' needs, so our digital team asks that you take a very short survey to better understand your preferences for receiving the magazines in digital format.

The apps will be an easy way to scroll through and read the latest issue of Grapevine or La Viña, and you'll have access to the archives of articles from past issues. The app will allow you to listen to the magazine too, and there will be a playlist so you can listen to one article after another. You'll be able to input your sobriety date and favorite meetings and get pop-up reminders or your day count and meetings each day. You can create a daily spiritual maintenance checklist to keep track of all your good habits. Also, directly from the app you'll be able to access the podcast, the daily quote, the sobriety calculator, and the Meeting Guide app.

The app will allow Grapevine and La Viña to expand the number of stories available to members, so they'll be more opportunity for members to publish. You'll also be able to comment on stories and share your experience on topics with others.

Click the link below to our survey. The survey should take about 5 minutes to complete.

We sincerely appreciate your participation. It will ensure that we can deliver a digital product that helps AA members and newcomers. We want to bring many personal recovery and 12th Step tools right to your smartphone or tablet.

Yours in Service,

Chris C.
Publisher, AA Grapevine, Inc.
